The EUAA is an incorporated, not-for-profit association. Our members determine the direction of the association along with our Electricity, Gas and Sustainability policies while our Chief Executive Officer, supported by a specialist team, is responsible for managing activities, administration, finances and implementing policy. EUAA generates the majority of its revenue from membership fees and events. External funds are occasionally sought for special projects.

**OUR MISSION**

The EUAA will provide a timely and professional service to members in four key areas: Policy Development, Advocacy, Information and Networking.

The EUAA will represent its Members’ collective views and respect the divergence of views of individual Members.

**OUR VISION**

To be the trusted and relentless voice within the energy sector, seeking a competitive, reliable and sustainable energy supply for all energy users.
Policy and Advocacy

To provide a relentless and powerful voice on behalf of members to various energy industry stakeholders – be it in the regulatory, policy or political arena. Advocacy is underpinned by strong and highly qualitative research and data.

Information

To inform, educate and build the skills and knowledge base of our members and other energy industry stakeholders by offering a series of targeted energy-based forums.

Networking

To provide a forum for members and other energy industry stakeholders to pursue a better understanding of their issues.

OUR PEOPLE

Andrew Richards
Chief Executive Officer

Andrew has over 30 years of energy industry and infrastructure development experience having held a variety of senior management roles in the areas of sales and marketing, public and stakeholder relations, media and communications, strategic planning, policy development, stakeholder engagement and political advocacy.

For the last 3 years he has been Chief Executive Officer of the Energy Users Association of Australia (EUAA). The EUAA is the peak national body representing Australian commercial and industrial electricity and gas users. EUAA membership

Jodie Haigh
Executive Assistant to the CEO

A long standing employee of the EUAA, Jodie has has worked with three CEOs and has developed extensive knowledge and expertise organising countless events including conferences, breakfast briefings and member forums.

Jodie is the backbone of the organisation and her wealth of knowledge, attention to detail and positive and proactive nature provides an invaluable resource to members, CEO, board and staff.

Mark Grenning
Director Policy and Regulation

Mark, recently appointed to his EUAA role, has been a long term Director and past Chairman of the EUAA. He is a member of the AER’s Consumer Challenge Panel and lectures in the Master of Energy Systems course at the University of Melbourne.

Prior to these roles Mark had a 30 year career in Rio Tinto with a focus on energy management. In the last 7 years he was
Alan Markham
Association Secretary

A qualified Chartered Accountant, Alan’s career has taken him around the world building expertise across a broad range of companies including Ernst & Young and Price Waterhouse Coopers in South Africa, the USA and Australia. Working with the EUAA for more than 10 years, Alan brings 5 years’ experience within the manufacturing sector in Australia, and extensive experience from working in the energy sector which included managing the corporatisation and then privatisation of the Victorian SEC’s energy efficiency arm and advising the Business Council for Sustainable Energy.

Emily Wood
Communications Manager

An experienced and enthusiastic communications professional Emily has a background in all facets of communication from media relations, issues management, crisis management, internal communications, community relations and marketing. Emily joined the EUAA in 2016 and while new to membership organisations, Emily brings with her over a decade of experience in the energy sector, after working with both generators and retailers.

In her role at the EUAA Emily is responsible for media relations, conference marketing, branding and other external communications.

Kyllie McMullen
Member Account Manager

Kyllie comes to the EUAA from the Banking and Finance sector, with the past 13 years at ANZ Banking Corporation. In her most recent role as Contract Manager Kyllie managed several large vendor contracts which supplied goods across the entire Retail Branch Network.

Kyllie has many years’ experience in Business Development, Account and Relationship management roles with extensive stakeholder management as well as New product and procedure development both in the private and banking sector.

OUR BOARD

Chair - Mr Brian Morris
Division Director, Macquarie Capital

Brian recently joined Macquarie Capital’s Australian Infrastructure team based in Melbourne. Brian comes to Macquarie with over 30 years’ experience within the energy sector and has extensive energy market origination and energy trading experience, including renewable Power Purchase Agreements (PPA).

Brian has a deep understanding of energy financial markets and has worked with a number of large energy users on financial and physical grid connected and behind the meter energy management solutions.

Prior to joining Macquarie, Brian worked at Schneider Electric for 7 years where he lead the Energy and Sustainability team.

Deputy Chair - Bridgette Carter
Manager Energy Sourcing & Utilisation BlueScope

Bridgette Carter is the Manager Energy Sourcing and Utilisation for BlueScope Steel. She manages the team responsible for procuring BlueScope’s Australian energy and utility needs, overseeing contracts worth in excess of $170 million per annum across more than 50 operational sites. Bridgette has spent over 20 years in the manufacturing sector with significant experience in energy procurement, energy and carbon accounting, energy efficiency, energy regulation compliance and energy policy. She holds a degree in Engineering as well as a Masters in Professional Accounting.

Melissa Perrow
General Manager Energy, Brickworks Limited

Melissa has transformed Brickwork’s East Coast gas strategy; transitioning the business to be a wholesale gas buyer from 2020. Prior to Brickworks, Melissa worked for Origin Energy for 14 years and has over 18 years wholesale energy trading experience gained across electricity, gas, carbon and green markets and specializing in complex non-standard large customer contracting. She has a Bachelor in Applied Science, a Bachelor in Business, a Graduate Diploma in Technology and a Post Graduate Certificate in Applied Finance.

Mark Grenning
Consultant

Mark has been a long term Director and past Chairman of the EUAA. He is a member of the AER’s Consumer Challenge Panel and lectures in the Master of Energy Systems course at the University of Melbourne.

Prior to these roles Mark had a 30 year career in Rio Tinto with a focus on energy management. In the last 7 years he was the global subject matter expert advising on energy supply options to Rio Tinto’s operations. He has had extensive experience in representing users interests in a variety of national energy forums, including 12 years on the AEMC

Scott Hall
National Sustainability Engineer, Simplot

Scott manages electricity and natural gas procurement for Simplot Australia’s food manufacturing facilities along with environmental compliance and developing a culture of energy, water, and waste efficiency. Having previously worked as a project engineer at multiple Simplot sites in Tasmania and Victoria, he understands the needs of modern industry and is passionate about ensuring the correct energy frameworks and policies are in place so manufacturing can sustainably continue in Australia.

Tim Lawrence
Senior Manager - Energy, Orica

Tim Lawrence is the Senior Manager - Energy and Commodities for Orica, responsible for managing Orica’s Australian gas, power, ammonia and caustic soda trading portfolio. Tim has spent over 15 years in the energy and manufacturing sectors with broad commodity management experience covering procurement, administration and energy policy. He holds a dual degree in Law and Business.

Dr Penelope Crossley
Academic, University of Sydney

Dr Penelope Crossley is a senior lecturer at the University of Sydney where she specialises in the complex legal issues associated with the energy and resources sectors. In particular, her research focuses on the fields of comparative
Ryan Santowski
General Manager - Energy, Visy

Ryan Santowski leads Visy Group’s energy practise as General Manager - Energy. This includes responsibility for energy procurement, trading, energy utilisation and optimisation, behind the meter investments, demand management and advocacy. Visy’s ambition is to be the global leader in sustainable packaging and resource recovery in which energy plays a considerable part. Ryan has 15 years’ experience across mining and manufacturing, including both domestic and international energy responsibilities. He holds a degree in Commerce and is a Certified Energy Manager.

Lisa Zembrodt
Director, Operations - Energy Markets, Schneider Electric

As Director of the Markets and Strategy teams of Schneider Electric’s Energy and Sustainability Services division in Australia, Lisa is passionate about leading clients in the journey from passive to active energy management. Through supply-side energy management services including Risk Management, Energy Sourcing/Procurement, Research & Forecasting/Analytics, and bespoke Solutions Consulting, Lisa and her teams drive value for clients by reducing spend, protecting budgets, and improving investment decisions.

Marghanita Johnson
Executive Director - Australian Aluminium Council

Marghanita Johnson has been Executive Director of the Australian Aluminium Council since 2019. She has over 20 years’ experience in the Australian mining and manufacturing sectors, predominantly within the aluminium industry. Prior to joining the Council she led government engagement and advocacy on behalf of Rio Tinto’s Pacific Aluminium assets and prior to that held key climate and sustainability roles at Rio Tinto.
