Affari Istituzionali e dell’Unione Europea

La Direzione Affari Istituzionali e dell’Unione Europea opera con l’obiettivo di comunicare, rilevare e interpretare le indicazioni e dinamiche del sistema politico-istituzionale, amministrativo e associativo nazionale ed europeo per anticipare e orientare le scelte strategiche aziendali.
Public and EU Affairs operates through offices in Rome and Brussels with the goal to communicate, detect and interpret information and dynamics of national and European political-institutional system to anticipate and steer the business strategic choices.

We maintain relationships with Italian Government and Parliament and in reverse in Brussels, with the Commission, the European Parliament and the Council, as well as with national and EU independent authorities, diplomatic and industry associations (Confindustria, Confindustria Energia, Assoelettrica, Assomineraria, Federestrattiva, Assolombarda, Unindustria, Eurelectric and Eurogas).

We develop relations with cultural political foundations and think tanks, both nationally and internationally (e.g. European Council on Foreign Relations, International Institutional Affairs, Atlantic Council, Institute for competitiveness, Are!)

We identify and propose opportunities for collaboration with institutional stakeholders of reference within public political events and/or institutional and we’re actively engaged in the debate on energy through research centers and think tanks.
